

Meet and Confer Minute – May 2015

This year the Meet and Confer Team worked on the following issues:

- Lab Loading
- Residential Faculty Overload
- Conflict Resolution Policy
- Masters of Fine Arts Salary Placement
- Classification and Compensation Study: Faculty Salary Placement and Advancement
- Faculty Supervision and Supervision Pay

Although progress was made on each issue, no RFP changes will be made related to these issues this year. Minor edits related to clarification, consistency, and clean up are included in the proposed 2015 – 2016 Residential Faculty Policies. Several documents are available for your review on the Faculty Association Meet and Confer webpage.

- [Meet and Confer Forum Presentation - April 2015](#)
- [Redlined 2015-2016 RFP](#)
- [2015-2016 RFP Final](#)

The forum presentation was shared at each of the ten colleges during April. The presentation includes the status of all issues being worked. The redlined RFP shows all changes made to the 2014-2015 RFP in creating the 2015-2016 RFP. The 2015-2016 RFP Final document is the document that is being presented to faculty for ratification.

Ratification will take place between 5/1/15 and 5/14/15. Individual ballots will be sent to the personal e-mail addresses of all current Faculty Association members on 5/1/15.

Looking ahead to 2015-16, Patty Finkenstadt will co-chair the Meet and Confer Team with faculty team members Brian Quarles, Amy MacPherson, and Keith Heffner. The administration members on the Team have not all been identified for the coming year.

It has been a privilege to serve on the Meet and Confer Team over the past five years. I appreciate the support that so many of you gave me.

Frank Wilson
Faculty Meet and Confer Team Chair
