1. **Academic Freedom and Professional Standards**

Academic freedom is under relentless attack by political enemies, judicial decisions, and legislative instigators. The Faculty Association maintains constant vigilance on these and related matters. It also offers educational workshops on shared governance, academic freedom, peer review, and other professional values and standards.

2. **Charitable Giving to Student Success**

The Faculty Association provides an opportunity to directly and immediately help Maricopa students in need through the Maricopa Colleges Faculty Foundation.

3. **Political Action**

The Faculty Association Political Action Committee (FacPAC) is the only political action committee in Arizona composed of higher education faculty. Through voluntary contributions to the Faculty PAC, in recent years we have made a decisive difference in electing governing board members who support students and understand the faculty's role in achieving student success.

4. **Legal Benefits**

Association members, spouses, and dependent children are entitled to a free will, living will, and healthcare power of attorney. Additionally, they may receive a free one-hour consultation on any non-MCCCD employment legal matter and a reduced contingency fee of 25% on personal injury/wrongful death cases. Association members will be provided with a referral to a qualified attorney at discounted rates for matters such as bankruptcy, family law, criminal defense, and estate planning.

5. **Lobbying**

The Faculty Association retains Mike Bielecki of the law firm of Lewis Roca Rothgerber to advocate for the interests of our members in legislative, governmental, and other forums. Mike has been essential to our efforts in fighting the Guns on Campus legislation and the recent attacks on our pension. He has also been instrumental in advising the FacPAC on Governing Board and state legislature elections.
